EVEN MORE EVIDENCE:

The property owners of the address they are using is the Miami Beach Marina. The website for the Miami Beach Marina has all actual business located on the property listed in their website. <https://miamibeachmarina.com/> You WILL NOT find Miami Boat Charters on this website because they do not exist here. What you will find is my company, American WaterSports Boat Rentals LLC: <https://miamibeachmarina.com/rentals/>

Miami boat charters is ranking well in local search and effectively poaching local business from this address. They are an internet-based company, with no actual location, and should be removed from the local area listings.
